The conference is intended for the representatives of Adult Education, Senior Service organizations and individuals who are interested in the process of improving the quality of services within the sector beyond the standard scope of social services. During the event, presentations and discussions will be held, followed by the introduction of developed practical solutions for the emerging seniors' service market by Czech, German, Italian, Hungarian and Lithuanian partners. The closing workshop held by artist Aušra will reveal the effect of painting on emotional state and occupational well-being of seniors.

The Conference will be a great opportunity for the guests to boost public awareness regarding their on-going Erasmus+ projects and other EU-funded initiatives by disseminating information about their organisations, introducing their work and making contact with potential European partners.

Key Topics:

- Possibilities within Erasmus+ framework. The quality of professional development within Senior Service sector and Learning Mobility.
- Development of new skills and competences within Senior Service sector.
- Active e-learning platform for the Senior Service providers.
- EU demographic ageing trends. Future challenges for the service providers.

Related Information:

- All who wish will be issues a certificate of attendance.
- We seek to inspire and to provide a venue for sharing your experiences, establishing new contacts therefore, we kindly invite all organisations to bring publications (leaflets, brochures, handouts, etc.) associated with their activities and/or implemented projects.
